List of Materials for Soft Pastel Workshop

with Jennifer Paull

1. A good assortment of **Soft Pastels** from light to dark with some bright colours. **Do not bring oil pastels as these are a quite different medium.**

(If you're not sure if you will continue with the pastel medium, buy a pack of the **Mungyo Soft Pastels or Montmartre brand** from the Bargain shop. These are OK to see if you like the medium, but if you are serious about continuing, it will be necessary to buy better quality pastels. We can talk about that in the workshop.)

2. 1 sheet of **Canson Colourfix** paper, preferably black or a dark colour, **plus**
1 sheet of **Canson Regular** pastel paper, any mid range colour. Not white or very light colours.
3. 1 pr scissors and some masking tape.
4. 1 pack of wet wipes (pastel is a bit messy!)
5. 1 dry rag (an old face washer is good)
6. If you have your own portable easel and backing board for your paper, it would be useful to bring it along.

The workshop will cover:

Composition of both Still Life and Landscapes.

Use of colour and tone to portray the subject.

Learning to simplify the subject matter.
